**GARNETT PROVES** 

Spiders Lose Championship Game to William and Mary Warriors.

### LOCALS FAIL TO SHOW REAL FORM

Pile Up Seven Errors, Most of Which Prove Helpful to Opposition-Duval Acquits Himself Creditably-Williamsburg Pitcher Is Real Star of Game.

Williamsburg, Va., April 25 .- Displaying none of the life and ginger that has been shown in all their pre-vious games, the Richmond College baseball team was defeated by William and Mary to-day by the one-sided score of 5 to 1.

The Spiders were entirely off their usual game for some reason or other, and utterly failed to show the form that has enabled them to capture several hard games at home. Perhaps one of these reasons was Garnett, the William and Mary slab artist. His work could hardly have been more effective. He struck out nine Spiders and held them down to four hits. Besides this, he fielded his position in clever style and always seemed to have control of the situation whenever things began to look threatening.

The Spiders were woefully weak in The Spiders were woefully weak in both fielding and hitting. This may readily be seen when it is noticed that only four men connected safely and in the field they were guilty of seven errors, most of which were very costly. The William and Mary team, on the other hand, played a very fast game of ball, and though they garnered but two more safe swats than the Spiders, they hit when hits meant tallies, and they generally pasted the pill for a good distance. Duval, who hurled the whole session for the Spiders, was not in his best form, but hurled the whole session for the Spiders, was not in his best form, but nevertheless pitched a game that, with better support and fair bunching of hits, would have won for him. He himself was guilty of two had errors in the first frame, but after that he fielded well and twirled in nice style.

Poor Support for Duval. Several of the slams that the Williamburgers annexed should never have been good for more than one base, but very slow and very poor work on the part of outfielders allow-(Continued On Last Page.)

The beautiful craft as it slid down the ways with her snow-white top and sides and bronze underbody, glistening like gold in the fading sunlight, was christened Resolute by Miss Grace Vanderbilt, the pretty fourteen-year-old daughter of Cornelius Vanderbilt, one of the owners of the boat. The Resolute was a surprise to the critics, as instead of a big, powerful boat, they saw a beautifully modelled creation of easy lines and with the smallest overhanging, particularly aft, ever overhanging, particularly aft,

seen on a cup defender. Of course, as yet no one knows just what the Vanitie and Deflance, her two rivals, will look like, but it is safe to say that the Resolute will be the smallest boat of the three, and that the other two boats will have to
